Yizhong Xue is a partner at Merits & Tree Law Offices. Xue's main areas of practice include PE/VC, M&A and licensing transactions in the life science and healthcare industries. As a sophisticated professional with nearly 20 years' experience, he worked as head of legal and compliance and member of the senior management teams at several multinational companies, having participated in decision-making and led various business development and strategic projects. Xue is particularly skilled at designing and structuring deals and business models, providing clients with total solutions throughout the entire lifecycle of transactions and business operations.

Xue is capable of negotiation and resolution for complex transactions and disputes. He won multiple high-value, industry-benchmark litigations in the field of high-value medical devices. Xue also has extensive experience in the area of healthcare compliance, especially in participating and passing the monitorship program by the U.S. Department of Justice and the Securities and Exchange Commission.

Prior to joining M&T, Xue served as Legal and Compliance Director for Greater China and APAC Ops at Zimmer Biomet, and as Head of Legal at Genor Biopharma Group. He also held legal positions at several multinational companies, and had practiced as an attorney-at-law at Jun He LLP.

## Achievements

### ☑ PE/VC M&A

- During his time at Genor Biopharma, Xue led and facilitated China's first license-out project under the NewCo model.
- As Genor Biopharma's off-counsel, Xue participated in and completed the acquisition of Genor Biopharma by Eddingpharm, the first Chapter 18A reverse takeover on the Hong Kong Stock Exchange.

- During his time at Zimmer Biomet, Xue designed the business model for capital equipment leasing, making the company the first to implement capital equipment leasing in the orthopedics field in China.
- During his time at a multinational medical device company, Xue designed the business model for the commercialization and localization of a radiopharmaceutical product in China.
- Represented Rousyn in its merger with another brain-computer interface start-up company.

### Dispute Resolution

- As the company’s head of legal, Xue won or consistently maintained advantageous positions in multiple important, complex, high-value and industry-benchmark litigations in the field of high-value medical devices.

### Regulatory and Compliance

- As head of compliance, assisted the company in passing the monitorship program by the U.S. Department of Justice and the Securities and Exchange Commission.
- Led organizational restructuring and lay-off projects in multiple companies.
